This Office Action is in response to the amendment filed on April 28, 2005.

The claims in this reissue application have not been amended properly. Amendments in reissue applications are covered by 37 CFR 1.173, not 37 CFR 1.121. 37 CFR 1.173 requires underlining for any added matter and that all new amendments be made in relation to the patent (i.e., not in relation to previous amendments). Therefore, all new claims should be totally underlined every time they are submitted. A new and complete listing of claims in compliance with 37 CFR 1.173(b) is required.

The applicants have made substantive changes since the reissue declaration that was filed on August 22, 2003. Accordingly, the applicants are required to file a supplemental reissue oath/declaration. See MPEP §1414.01.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-12, 15, 16 and 25-32 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

Applicants can use form PTO/SB/51S, a copy of which is attached to this Office Action.

Art Unit: 2822

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Registered practitioners can telephone the examiner at (571) 272-1843. Any voicemail message left for the examiner must include the name and registration number of the registered practitioner calling, and the Application/Control (Serial) Number. Technology Center 2800's general telephone number is (571) 272-2800.
